Fabrimex AC/DC Power Supplies

Since the beginning, we have supported our customers in evaluating the best power supply for industrial, medical and household applications. Our AC/DC range covers outputs from 4 to 750 watts.

Features

- > Input Voltage 80 – 305Vac
- > Class I and Class II
- > OVC II & OVC III
- > Active Power Factor Correction (PFC)
- > Single, Dual & Triple outputs
- > Output Voltage 3.3 – 56Vdc
- > 200% Peak Power
- > Altitude 5000 m
- > Wide Operating Temp.
- > Cost Effective
- > Level VI Efficiency
- > 3 Year Warranty
- > Customization possible

Applications & Standards

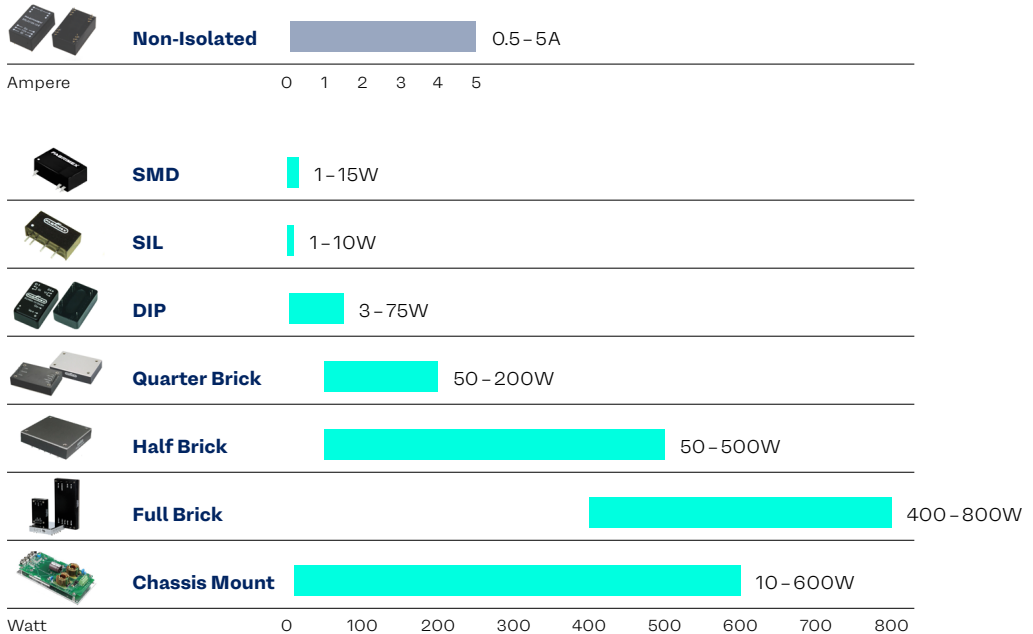

- > Industrial: IEC/EN/UL 62368-1
- > Medical: IEC/EN/UL 60601-1 2 MOPP
- > Household: IEC/EN/UL 60335-1

Approvals

- > CE, UL, EN, PSE, CCC, TÜV/GS, FCC

Fabrimex DC/DC Converters

Our wide range of DC/DC Converters for industrial, medical, defense and household applications are available in various sizes and cover outputs from 1 to 800 watts.

Features

- > Input Voltage 4.5 - 450Vdc
- > Ultra-wide Input 18:1
- > Single, dual & triple outputs
- > Insulation voltage up to 6kV
- > - 55° Celsius operation
- > Reinforced Insulation
- > Remote ON/OFF, Output Vtrim
- > 3 Year Warranty
- > Customization possible

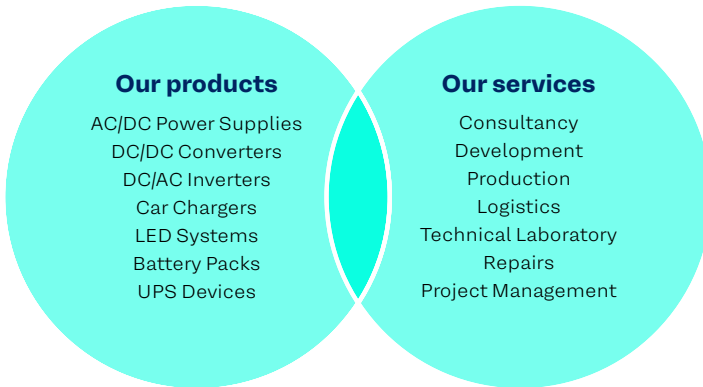

Applications & Standards

- > Industrial: EN/UL62368-1 & CB
- > Medical: EN60601-1
- > Defense: EMC MIL-STD-461 & MIL-STD-1275
- > Household: EN60335-1

FABRIMEX

Products. Services. Connected.

Fabrimex is an exclusive product line of Exista AG providing standard, modified or fully customized solutions. Thanks to our 360° offering and 100% focus on key components, we connect the most demanding industries – with the best power solutions.
